Exhibit - Bring Your Own Technology (BYOT) Program Student Guidelines

This exhibit accompanies policy 6:220, Bring Your Own Technology (BYOT) Program; Responsible Use and Conduct. It should be sent home with students along with 6:220-E1, Authorization to Participate in the Bring Your Own Technology (BYOT) Program; Responsible Use and Conduct Agreement. It outlines BYOT guidelines. Building Principals may want to include this in the student handbook. Modify this exhibit to reflect the District's and any building-specific guidelines.

The purpose of the District's BYOT program is to extend and enrich the learning environment. The following guidelines apply to students who participate in the program:

- Access only the District's Internet gateway. The District filters access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate at school pursuant to policy 6:235, *Access to Electronic Networks*. Make no attempts to bypass the District's Internet gateway. Similar to when a filter is disabled or malfunctions, it is impossible to control all Internet material, and a BYOT participant may discover inappropriate material. It may also be discovered if and/or when sharing a BYOT device with another student. Report inappropriate content and conduct to your classroom teacher.
- Follow the standards of your parents/guardians. The District respects each family's right to decide whether or not to participate. District-provided technology may be an alternative.
- Access only authorized data or files on the computer or Internet sites that are relevant to the classroom curriculum and suggested by a teacher. Students are strictly prohibited from infecting the District's network(s) with a virus or malware program designed to damage, alter, or destroy the network, and hacking, altering, or bypassing security policies. Using anti-virus and anti-malware software on BYOT devices is encouraged. The District may examine any BYOT device that it suspects is causing network problems or may be the source of an attack or virus infection.
- Use of a BYOT device is subject to policy 7:190, *Student Discipline*. That means BYOT devices are for curriculum-based instruction only. Devices are still prohibited during non-instructional times, e.g., the cafeteria, gymnasium, locker rooms, hallways, and bathrooms, etc.
- Transmit only appropriate content while using the District's electronic network. At no time, may a photographic image or video of any person on campus be made, posted, or shared. Any reasonable suspicion of an activity that violates law or Board policies will be treated according to policy 7:140, *Search and Seizure*. Bullying or sexual material will not be tolerated and will be managed pursuant to policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*. Retrieval of devices that become involved in a law enforcement investigation is the student and parent/guardian's responsibility.
- Charge all BYOT devices prior to school every day. Turn off and keep BYOT devices in the sight of the teacher during assessments, unless otherwise directed by a teacher. Immediately follow any teacher's instruction to shut down BYOT devices or close the screen. All BYOT devices must be in silent mode and put away when directed by teachers.
- Sharing BYOT devices with other students is allowed only when a parent/guardian has approved this in writing through the *Bring Your Own Technology (BYOT) Program Participation Authorization and Responsible Use Agreement Form* and the teacher has directed it.

Student _____ **School year** _____

To be read and signed by the student-participant and his/her parent/guardian:

Dear Parents/Guardians:

Our School District allows students to participate in a curriculum-based Bring Your Own Technology (BYOT) Program. You must authorize your child's participation in the program by agreeing to the following terms and discussing ~~the~~ them with your child. This authorization and agreement needs to be signed only once while your child is enrolled in the District.

Your child must also sign the District's *Acceptable Use of Electronic Networks* agreement to participate in the program. If you have not read and signed this document or do not know whether one is already on file in the District, contact your Building Principal. You may also ask your Building Principal for any other forms or exhibits referenced in the BYOT authorization and agreement below.

The violation of any laws or Board policies while participating in the program may result in the loss of your child's privilege to participate in the program. Remember that you are legally responsible for your child's actions. If you agree to allow your child to participate in BYOT program, sign the authorization and agreement below and return it to your school.

The teacher's role in the program is that of instructor in your child's classroom. Teachers cannot spend time fixing technical difficulties with BYOT devices. Parents/guardians and their children share the responsibility for technical support and providing a properly charged BYOT device. If a BYOT device has technical difficulties: (1) a District-owned device may be provided, if available, or (2) students may be asked to partner with another student who has a functioning BYOT device during a lesson. The District will also expect you and your child to keep the BYOT device free from viruses, malware, and/or any other harmful programs that could damage the District's electronic network. Finally, the right to privacy in your child's BYOT device is limited while it is on any school property.
